WEDNESDAY EVENING, FEB. 1, 1922.

COMPROMISE BETTER THAN
LITIGATION.

While many taxpayers of Connelville will be disposed to regard the bill of the Baltimore & Ohio Railroad Company for the use of the Y. M. C. A. building as a pest house as somewhat too high there are but few if any who will contend that no compensation should be given the company.

Leaving out of consideration the legal aspect of the question, fair dealing alone makes it most, if not obligatory upon the city to at least accept the tender of the company to compromise the claim. It is a well known fact that the board of health failed to move the situation promptly and to that extent imposed a burden upon the Y. M. C. A. which the city should have assumed at the very inception of the smallpox quarantine. The Y. had to suspend all its activities and business as a semi-public institution and devote itself exclusively to conducting its premises as a hospital, for the care of persons suffering from a communicable disease. It is extremely doubtful if any hotel or other establishment for the accommodation of the public would have stood for such an arrangement, at least not so long as the "Y" did.

Whether the city incurred a liability thereby appears to be a question about which there is difference of opinion which might require a resort to the courts to settle. But the city should not desire to become a defendant in such action because as it appears to the average layman, a obligation rests upon the city by reason of the failure of the Board of Health to earlier remove the "Y" of the handicap upon its operations resulting from the quarantine.

It is inconceivable that the city and community are without a deep sense of gratitude to the Baltimore & Ohio Railroad Company for the generous manner in which it provided facilities for combating the "flu" epidemic. The "Y" building, then only recently acquired by the railroad company, was fitted up as a hospital and equipped with a staff of physicians and nurses without which the city would have been almost helpless to meet the emergency. It is no exaggeration to say that the splendid service thus made available to the stricken people of this section prevented the loss of many lives.

The conditions under which the building was converted into a "flu" hospital and later made a pest house were very much unlike. At the time of the influenza epidemic the building had not yet been fitted up for "Y" purposes. It was not until after this scourge had subsided that it was renovated and remodelled in accordance with the purpose for which it was originally purchased. It was operating as a "Y" and largely for the accommodation of the railroad company's employees, when the discovery of smallpox transformed it into a pest house. This deprived the establishment of all patronage and revenue and made it necessary for the Baltimore & Ohio Railroad Company to incur heavy expenses in providing other accommodations for its employees at this point.

That the bill rendered is an accurate measure of the services rendered and damages sustained is a matter about which there may be some disagreement. The railroad company fully recognizes this and has indicated a willingness to compromise. The disposition of the City Council, after it has been advised as to the legal liability of the city, is to meet the company in the same spirit of mutual concession. That will certainly be preferable to a law suit which would involve an additional expense for the taxpayers to meet. It would have been a more desirable and certainly less expensive had the Board of Health displayed a little more energy, activity and courage in handling the situation at the outset.

That a Connelville young woman in the capacity of nurse would be the first on the scene to relieve suffering incident to the crash of the roof of a theatre in Washington City shows once more that whenever big things happen in any part of the country a representative of the First City of Fayette can always be counted upon as being on hand.

By declining to amend the traffic ordinance so as to allow parking of automobiles on the streets of Connelville, the City Council has provided at least part of the banks of the city with a dead line against bank's parking their cars in readiness to make a quick getaway.

The knuckers are doing the worst in trying to hammer the B & O. under the pretense of hitting the "Y."

at a very moderate profit.

Do not be mislead by cheaper prices "per

the reduced weight more than makes up for
the reduced price. An apparently cheap

For Better Homes and Other Buildings

If it is not possible for us to furnish all the material that goes
into every house that is going to be built in Connellsville, we are
particularly anxious that we furnish at least some of it. We are
agents for and handle the well-known brand of Lehigh Portland
cement. When one asks us what cement we handle we tell them
Lehigh. We need not argue. The name alone sells the cement.
We also sell especially Barrett Company nationally advertised
Everlastic roofing in single shingles, strip shingles, rolls of one,
two and three-ply, red and green crushed slate in the roll. Again
we need not argue. We handle deep-bed black Bangor slate,
best wall board, cement rock, fibre plaster, fibrelite wall board,
made up of licorice root, and very fibrous, lime in the barrel or in
sacks for white coat, river sand for plastering, river gravel and
blast furnace slag for concreting, good stock of yellow pine frame
lumber, yellow pine siding and flooring of the different grades,
also flooring in oak and maple. Then we have quite a stock of
Washington red fir, in flooring, siding, ceiling, double beaded
wainscot, surfaced 4 sides boards and heavier stuff. To appreciate
this it must be seen, for there is not a knot in a carload of this
material.

Body of Man Killed at Stand-

IS MIKE ROKAR, AGED 37

Special to The Courier.
MOUNT PLEASANT, Feb. 1.—The
man who was killed at the Standard
yards on Monday was identified yes-
terday by Andy Hulko of Carpenter-
town as Mike Rokar, 37 years old, who
boarded with Hulko. The fact that
the description of Rokar tallied with
that of Rokar and that he had not
been there for a few days led Hulko
to make the trip to town and to look
at the body. Rokar had a very promi-
nent scar near his right eye, and this
with an upper gold tooth formed a
means of identification. Rokar has a
sister, Mrs. Paul Midden, at Wilkes.
Undertaker Zimmerman planned to
get in touch with Mrs. Midden and see

City League "Tied Up;" Methodists, Clerks and Baptist-Bakers Tangled

First Two Teams Together in
Lead; Latter Two Tie
for Bottom.

CROWD ATTENDS GAMES

By James M. Driscoll,
Sporting Editor.

The City League teams did anything but decide the championship of the city last night. Instead the Bakers and Clerks, by losing to the Methodists, allowed the church teams to tie for first place and at the same time the Baptists dragged the Fayette Bakers into a tie for bottom position with them.

Things now stand at a tie all the way through. Just what will be done will be left entirely up to the board of control.

The largest crowd of the season witnessed the games last evening, the battery being lit by a great searchlight for everyone. The first clash between the Bakers and Baptists was sufficient to put the voters in the best of spirits. The contest developed comely, humor, seriousness and some real effort. Cheers were given for some of the freakish long goals and the next instant the house would be in an uproar over the antics of some excited player. There were some good plays of the four teams.

The first contest was somewhat ragged but there was no fooling in the Clerk-Methodist game. The church players were certainly primed last night. There was no stopping them. Once a man got his hands on the ball it seemed to just travel through the net. Fifteen goals were their total for the evening, 10 of which were made in the first half.

Hannigan kept the Clerks in the running during the first half with his consistent foul shooting. In the second period, however, he could not seem to locate the basket, at least for a time, and missed several in a row.

The line-ups:

PREPS FIND UNIONTOWN

EASY VICTORY ON FLOOR
The South Side Preps won from Uniontown team in a game at the parochial school hall last night, played prior to a dance by the Knights of Columbus, at which an automobile, a new Westcott, was awarded Andrew Luxon of Dawson.

The line-up:
Preps-41
Herwick _____ F. Uniontown-3
Donadic _____ F. Guseman
Sheets _____ C. Patterson
Jones _____ G. Thomas
Wardley _____ G. Wallace
Substitutions—May for Donadic, Pratebey for Wardley, Schuler for Sheets.

Field goals—Herwick 2, Donadic 2, Sheets 9, Jones, Wardley, Frutley 2, Guseman.
Foul goals—Sheets, 4 out of 8; Donadic, 1 out of 2; Thomas, 6 out of 11.

In the Baptist-Baker game last night, "Stundee-er" Percy, grasped the ball much after the manner of a shot-put champion, took careful aim and flung the sphere from one end of the floor to another. It dropped cleanly through the rings.

The Percy-Wetherell combination is a good one. "Bill" gets "her" out of there, passes to Paul, who scores the baskets. He got six last night.

High School goes to Braddock Friday evening. Quite a delegation will accompany the team. Allegedly High will be here Saturday night.

The Pittsburg Academy last night broke McKeesport High's winning streak by a 34-22 score. Captain Sharpe of the Tubers scored 16 of the 22 points for his outfit, and then collapsed as the game ended.

An Army Marches On Its Stomach, Said Napoleon

The Great Corsican Knew That Success in Life Depends
Upon Your Strength, Energy and Endurance.

By HARRISON VAUGHN.

When Napoleon led his victorious armies through Europe, his worst enemies were not the nations defending themselves against his smashing onslaught; but he was confronted by the graver question of how to provide nourishing and strengthening food for his soldiers.

The Great Corsican realized long over a century ago, as has every commanding general since, that men's bodies must be perfectly nourished if they are to retain their natural strength, energy and vigor; in fact, that the very health of the human being is regulated almost entirely by the stomach. "Under-feeding, insufficient nourishment, means loss of flesh, anæmia, lack of red blood and subsequent weakness of the entire system.

What such people need to enable nature to bring back their strength and vigor, restore their lost weight, and put them in fighting trim, with rich, red blood coursing through their veins, is Tanlac, the powerful reconstructive tonic and body builder.

A man or woman suffering from sour stomach, bad breath, biliousness, indigestion, or gas on stomach, is unfitted either for physical or mental labor. Sufferers from these ailments find life a burden; they look on the world through blue glasses, the joy and rewards of the vigorous life, normally healthy person is not theirs. Their troubles embitter them against the world, destroy their ambitions and make their lives dull and unhappy.

How foolish to continue in this condition when an every hand throughout the length and breadth of the land,

people by the thousands are daily testifying to the remarkable powers of Tanlac in conquering stomach troubles. This powerful reconstructive medicine builds up the weak and the despondent; gives them new hope and happiness and a new lease on life.

Tanlac's name has been praised by hundreds of thousands. Testimonials from every corner of the United States and Canada have shown conclusively that even in cases where patients had almost given up all hope and where men and women had believed themselves doomed to a life of misery and suffering, Tanlac has overcome their troubles and brought back health, energy and happiness into their lives.

If you are not "fit as a fiddle" in the morning and don't feel better than when you went to bed; if your breath is offensive and you have that bad taste in your mouth, your body is not being nourished properly. What you need is Tanlac to restore you to normal so nature can bring back the flesh you've lost, put the bloom of health in your cheeks, the spring of energy in your step and the sparkle of happiness and contentment in your eye.

NOTE—Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac treatment. You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from opium and are sold on a positive guarantee, to give satisfaction.

Tanlac is sold in Connelville by the Connelville Drug Co., and by the leading druggists everywhere—Advertisement.

APPLY SULPHUR ON YOUR ECZEMA SKIN

Costs Little and Overcomes Trouble
Almost Over Night.

Any breaking out of the skin, even itchy, itching eczema, can be quickly overcome by applying Menthos-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings about skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve torment without delay. Sufferers from skin trouble should obtain a small jar of Menthos-Sulphur from any good druggist and use it like cold cream—Advertisement.

Why Be at the Mercy of the Landlord?

Today, more than ever, a rented home presents many difficulties. One lives in continual fear of exorbitant rents, which will necessitate a search for other rooms.

This condition is urging thousands of Fathers and Mothers towards the realization that happiness and health and real living is found ONLY IN A HOME OF THEIR OWN—A little piece of Mother Earth dedicated to their name.

Building a home is a big problem, especially to the uninitiated. There are so many things to know—so many things to depend upon others to do.

We are in business to help you meet and overcome these difficulties. Our long experience has taught us how to meet these problems, and we will be glad to advise you, and figure with you on your requirements.

We can furnish anything from a splinter to a complete house, at a reasonable figure. Call us up, or come and see us.

NEW REMEDY FOR MALNUTRITION

Approved by Food Experts. All Claims Justified by Scientific Evidence.

Quite a sensation was caused a few weeks ago by the fact that a Nutritional Expert, who is a Professor of Physiological Chemistry at one of our leading Medical Colleges, allowed to be made public the fact that he had tested by the best-known means at his command and approved these wonderful Nutritional Tonic Tablets.

In the report of his tests he says: "In all cases of a general run-down system or in convalescence from such diseases as typhoid fever or influenza, SUSO played a very important part in stimulating the appetite and causing increases in body weight."

"It practically every case the tonic or stimulating effect was apparent at the start of the feeding and persisted."

"In every instance where undernourished infants and children were given SUSO, important body-weight increases were registered."

"SUSO also caused normal adult persons to put on weight. One of our cases (a normal young woman) gained seven pounds in two months by the use of it. And still another, a married woman, gained 12 pounds in three months."

"One old lady of 75, who had weighed under 80 pounds for 30 years, increased her weight to 100 pounds by the use of SUSO."

There, therefore, is the first opportunity offered to people who need strength and vitality, who are underweight, run down, anemic, who have undernourished children or feeble old people, to get SUSO, which is a strength and body-builder that has been approved by a nutritional expert of one of our greatest medical colleges."
